TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bloating, constipation, Headache, fullness after eating, aversion to exertion or bodily movement, Erection of forehead, Irritability of temper, Low spirits, A feeling of having neglected some duty, Bitterness of the mouth, and a general feeling of uneasiness. As a Liver medicine, TUTT'S PILLS have no equal. Their action on the kidneys and skin is also prompt, removing all impurities through these three "scavengers" of the system, producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect
